

#30 May Day Millennium – The *Mayflower Compact* represents the May Day of Rest through Man’s New World Governments in the *Sixth* Millennium

The Lord’s purpose was to ordain that the New World – with its *first* millennium being the 1000-year *Sixth* (5 + 1) Millennium – be considered by deceived mankind to have become the seat of God’s political redemption of the world, as a counterfeit of the Lord’s Sabbath Day – *Seventh* Day – political rest for the world in the *Seventh* Millennium.

Enter the *Mayflower Compact* with the above understanding . . .

A *mayflower* in England was just what it sounds like, a flower attached to the celebration of May 1, or May Day, in Old England. The first political document established in the New World was the *Mayflower Compact*, signed aboard the *Mayflower* on November 11, 1620.

The elite group of Separatists signed first (they called themselves Separatists because they had *separated* from the Church of England, but history would later call them the Pilgrims), then “strangers,” then “the lesser freemen,” and finally the servants. Since the *Mayflower Compact* reads in part . . . “having undertaken, for the glory of God, and advancement of the Christian faith,” Christians have claimed it to be a step in America having its political roots established in God.

Instead, as the New World’s first political document for the establishment of government in the New World . . .

Key Understanding: *Mayflower men*. The *Mayflower Compact* represents a start of the counterfeit politically redemptive May Day of Rest for the world through Man’s – not God’s – New World Governments in the *Sixth* Millennium.

Isaiah 40:6 (NIV) . . . All men [Number of Man is 6 or VI] are like grass, and all their glory is like the FLOWERS of the field. [The *Mayflower* represents 5/1.]
