### #145 Liberty vs. Tyranny in the Divided Kingdoms, on the Tree of Knowledge of Good and Evil

By now it should be clear that the deception that is incorporated into the unfolding history of the Divided Legs of Iron, and the Divided Feet and Toes of the Roman Empire, has often encompassed the battle of Liberty vs. Tyranny.

The *Strong Iron* Foot of the West represented **Liberty**. The *Broken Clay* Foot of the East represented **Tyranny**. This is exactly the deception spoken of in Unsealing #93 Understanding the Tree of Knowledge of Good and Evil. *Below* is one paragraph from that Unsealing.

Most Christians have not heeded *"set your affections on things above, not on things on the earth"* (Col. 3:2), and so, like the natural man, are ripe for the good-evil deception. They believe that the Lord founded America as his "good" **earthly** "Christian" kingdom as the alternative to Satan's "evil" governmental systems of political "tyranny." Thus, many professing followers of Jesus have resisted the "evil" empire of Communism with the "good" of American democracy. In truth, both the "evil" of Communism and the "good" of Democracy are of Satan.

Key Understanding: *Liberty vs. Tyranny in the divided kingdoms, on the tree of knowledge of good and evil.* **The Divided Kingdoms of Daniel 2:41-43, at the Time of the End, represent the division of Liberty vs. Tyranny, with *all* dwelling on the Tree of Knowledge of Good and Evil.**

This is getting a bit ahead of ourselves, but the defining point in the evolution of history into a *worldwide* battle between Liberty vs. Tyranny was attached to World War I, as the world was transitioning from the Legs of Iron to the Feet of Iron and Clay. On April 2, 1917, in his War Message, Woodrow Wilson proclaimed that **"the world must be made safe for democracy."** America entered the war on April 6, 1917, to do just that. There will be more later on the prophetic significance of the event of America's entry into World War I.
