#459 Thomas Paine and God Trying Men's Souls – James Lovell and Thomas Paine in the Revolutionary War; James Lovell and Thomas Paine in the Cold War "Space Race"

This one is easy. Previously, in order to show the prophetic relationship between the "forerunner" 7th Head Great Britain and the 7th Head *Red* Soviet Union, we studied the two men named James Lovell in Unsealing [#403](#) The First Oswald Head Wound – The "At the Beginning" James Lovell vs. the "forerunner" 7th Head Great Britain, and "the Time of the End" James Lovell vs. the 7th Head *Red* Beast Soviet Union.

Key Understanding: *James Lovell and Thomas Paine; James Lovell and Thomas Paine.* **The Lord ordained two pairs of significant men in America's history – a pair with the name of <u>James Lovell</u> and a pair with the name of <u>Thomas Paine</u> – to illustrate the prophetic relationship between (a) the defeat of the "forerunner" 7th Head Great Britain in the Revolutionary War, and (b) the defeat of the 7th Head *Red* Beast Soviet Union in the Cold War. They respectively represent the "beginning" of America's history and *"the time of the end"* seen in Daniel 12.**

James Lovell

James Lovell of the Revolutionary War. James Lovell was a member of the Second Continental Congress and a signer of the Articles of Confederation. **Thomas Paine of the Revolutionary War.** Thomas Paine wrote *Common Sense*, which helped to fan the flame of the American Revolution.

Thomas Paine

James Lovell of the "space race" Cold War. Jim Lovell was one of the first three men to fly around the moon, in Apollo 8, on Christmas Eve, December 24, 1968, in one of the most memorable events in world history.
Thomas Paine of the "space race" Cold War. Thomas Paine was the head Administrator of NASA when the United States won the race to the moon against the Soviet Union.

Furthermore . . .

The pairing of NASA's James Lovell and Thomas Paine. It is worth noting that while Thomas Paine was the head of NASA during the first seven manned missions of Apollo – Apollo 7, Apollo 8, Apollo 9, Apollo 10, Apollo 11, Apollo 12, and Apollo 13 – astronaut James Lovell was on two of those missions, as command-module pilot on Apollo 8, and as commander of Apollo 13.
