**#731** The Double Eight (88) Kingdoms of England and America – August 8, 1588 (N.S.): The Battle of Gravelines occurred on 8/8 of '88 to fulfill *'her double'* and to fully point to the double Eight (8) Kingdoms of England and America

Key Understanding: 8/8, 1588. The Lord ordained the chief battle in the defeat of the Spanish Armada – the Battle of Gravelines – to unfold on August 8, 1588 (N.S.), or <u>8/8</u> of 15<u>88</u>, to represent it as a primary event in the unfolding of history in the development of the double Eight (8) Kingdoms of Protestant England and Protestant America.

**Extra credit – for God:** If one wants to go even further in the use of this example to comprehend God's power and glory in precisely ordaining human history to unfold when it does, then note that this event – the chief battle in the defeat of the Spanish Armada – was ordained by the Lord to not only occur on  $\frac{8}{8}$  of  $15\underline{88}$ , but on 8/8 of the  $88^{th}$  year of the  $8^{th}$  century after the  $8^{th}$  century. The Lord definitely meant for double 8's to be attached to the Spanish Armada.

**Revelation 17:08 (KJV)** <u>**THE BEAST</u>** [the 8<sup>th</sup> Kingdom, as is seen in Revelation 17:11] *that thou sawest was, and is not; and* <u>**SHALL ASCEND OUT OF THE BOTTOMLESS PIT**</u> [America's ascension as the 8<sup>th</sup> Kingdom included the initial phase of Protestant England 'rising' out of the Netherlands, represented through (a) the defeat of the Spanish Armada on <u>8/8</u> of '<u>88</u> (1588), that is, 8/8 of the 88<sup>th</sup> year of the 8<sup>th</sup> century after the 8<sup>th</sup> century, and (b) the successful invasion of the Dutch Armada in '<u>88</u> (1688)], and go into perdition: and they that dwell on the earth shall wonder, whose names were not written in the book of life from the foundation of the world, when they behold the beast that was, and is not, and yet is.</u>

[Note: The Battle of Gravelines occurred on August 8, 1588 (N.S.), but the participants of that day had the date as 7/28/1588. At that time, the Julian to Gregorian calendar difference would have been 10 days, not 11 days.]
