

## **#1540 The role of the A-bomb in the Abomination of Desolation – Pig Abominations, part 5, Niels Bohr and the Manhattan Project**

A **boar** is a **pig**. A *boar* is a male swine. It can also refer to the Old World wild hog from which most domestic swine derive.

**Niels Bohr.** Niels Bohr was a prominent scientist who was known for his groundbreaking work in atomic theory. He worked on the Manhattan Project, which developed the atomic bomb.

**Key Understanding:** The Lord ordained a man named Bohr – pronounced like *boar* – to work on the Manhattan Project (the project that developed the atomic bomb) for the purpose of connecting boar (pig, swine) to the atomic bombs. Through Niels Bohr, *pig* is easily linked to the *A-bomb*, the Lord's ultimate purpose being to further link the *A-bomb* to the *Abomination of Desolation* in New Testament times, for *pig sacrifice* was linked with Antiochus IV Epiphanes and the *Abomination of Desolation* in Old Testament times.
