

#2171 The Yom Kippur War and the Abomination of Desolation – The post-World War II U.S. waxing great toward the South and toward the East as a *second* Syria/Antiochus IV Epiphanes, part 430, The Pale Horse, (xxvii), The combination of the Double Russian Revolutions ending the Tsar’s regime, which was in the role of a *preceding* Pale Horse Rider

Review (from the previous Unsealing): *Democracy defeats the pale horse and its rider.* The April 2, 1917, events of (a) Woodrow Wilson’s war message to enter the U.S. into World War I and (b) Kerensky’s democratic Provisional Government’s abolition of the Pale of Settlement *specifically prophetically* represent(ed) the defeat of the Romanov Russian Empire in its role as a *preceding* Pale Horse Rider persecutor of the Jews.

1st Russian Revolution of 1917

Nicholas II and his son Alexei

Revelation 6:8a (KJV) *And I looked, and behold A PALE HORSE: and his name that sat on him was DEATH, AND HELL followed with him.*

2nd Russian Revolution of 1917

The map shows pogroms against Jews in Russia in the late 1800’s and early 1900’s

Key Understanding: *The double Russian revolutions spell the end of the Tsarist regime and its role as a ‘preceding’ rider (in comparison to Hitler’s Nazi Germany) on the pale horse. The combination of Alexander Kerensky’s democratic Provisional Government followed by V. I. Lenin’s (pictured) Bolshevik Revolution spelled the end of the Romanov Russian Empire and its role as a preceding Pale Horse Rider persecutor of the Jews.*
