part 699, <u>Building the Christian-Jewish-Arab Temple</u>, (<u>lxxviii</u>), <u>The falling walls of protection for the Netherlands</u>

Key Understanding: *The falling walls for the Netherlands*. The 'Wall Street' wall of protection fell for the Netherlands at New Amsterdam in the period from 1664-1674, resulting in the Netherlands' New Amsterdam becoming England's New York City. Old Amsterdam as the financial center of the world would give way to New York City eventually becoming the financial center of the world, through Wall Street. Later, the wall of protection for Anne Frank and Old Amsterdam fell in May 1940 with the German invasion of the Netherlands. In between, in 1929, Anne Frank was born in conjunction with the August 24, 1929, Hebron Massacre and the October 24, 1929, Wall Street Crash, which helped give rise to Adolf Hitler and the Nazi Party.
