Key Understanding: 8689 days from Reagan’s *second* inauguration to the election of Obama. There were 8689 days between Ronald Reagan’s *second* inauguration on January 20, 1985, and the November 4, 2008, election of Barack Obama.

*Because January 20, 1985, fell on a Sunday, Ronald Reagan was sworn in for his second term as President of the United States in a private ceremony at the White House, but the public inauguration occurred on Monday, January 21. Due to bad weather, the ceremony was held indoors in the Rotunda of the U.S. Capitol.

Daniel 5:25-26 (KJV) And this is the writing that was written, MENE, MENE, TEKEL, UPHARSIN.

26 This is the interpretation of the thing: MENE; GOD HATH NUMBERED THY KINGDOM, AND FINISHED IT.

The next Unsealing elaborates upon the reason why the Lord chose the *second* inauguration of Ronald Reagan to begin the countdown of 8689 days to the November 4, 2008, election of Barack Obama.
